9000
Aspect
W
Latitude
45.34070
Longitude
-111.39100
Notes

From obs: "Sometime mid-day the steep rocky terrain above the going home couloir as well as the start zones in Tyler's avalanched, just new snow, SS-N-D1R2-I. Just guessing about the trigger but didn't see tracks going in, although there were certainly lots of people around." Photo: Sam H.
