Avalanches on Woody Ridge

Date
Sat, 01/28/2023 - 12:20
Activity
Skiing

Photo of Castle/Submarine on woody ridge. This all slid today. Looked like all chutes along this face and south slid. Also east facing Republic ridge several slides above rock band. We skied woody west face to 9500 feet. Wind effected snow. Top 2 feet hollow. Not bonded to older snow. 30 degrees. Skied down short of objective

Region
Cooke City
Location (from list)
Woody Ridge
Observer Name
Don Carroll
