

Multiple crowns up Hyalite

Mt Blackmore

Northern Gallatin

11/7/2018

Code

SS-N-R1-D1

Aspect

NE

Latitude

45.44410

Longitude

-111.00300

Notes

From Zack Keskinen:

Mt Blackmore 11/07

HN24 - 20cm

S1 - 8/8 - W (Light)

Noted multiple small crowns (15-20cms) on NE steep rocky terrain. Pit seemed reasonably consistent with a couple hand pits across the day in the "above treeline" zone.
