Yellow Mountain

Northern Madison

3/21/2020

Code

WL-N-R1-D1.5

Elevation

9300

Aspect

S

Latitude

45.29950

Longitude

-111.32000

Notes

From e-mail: "Natural wet slides [on 3/21]... caused us to back off our plan of heading that way and ski a north, shady [aspect](#) instead. On a southern [aspect](#) at 9000ft at 1:30pm we dug a hasty pit and observed a [weak layer](#) about 1m down. The facets were beginning to round." Photo: K. Master
