Skier triggered slide in Lone Mountain backcountry

Date Thu, 02/02/2023 - 16:40

Big Sky Ski Patrol reported a skier triggered avalanche in "The Mullet" in the backcountry outside the ski resort boundaries. One skiers was reportedly caught and carried by the <u>slide</u>. The initial skier triggered <u>slide</u> also triggered another avalanche in the adjacent "Rattail" <u>avalanche path</u>. Details are second hand and specifics could not be confirmed due to low visibility.
