Shooting Cracks in the Bridgers

Playground Bridger Range 1/26/2025 Code Latitude 45.84260 Longitude -110.92900 Notes

From obs: "We skied north from Texas Meadows to the Playground. Strong southerly winds were actively building wind slabs up to 25 cm deep in immediate lees at treeline. We experienced a few instances of cracking in this wind slab, propagating 2 or 3 meters from our ski tips."
